PROPERTY DESCRIPTION

Sea of Dreams offers luxurious Caribbean living for the savvy, discerning home buyer; the perfect balance of simplicity and first class living, privacy and connectivity, all within the world class, tax neutral jurisdiction that is the Cayman Islands. As a real estate investment, Sea of Dreams offers the Cayman Islands home buyer a wonderful palette of contrasts, compliments and contradictions, the home itself standing proudly, three storeys high as an epic masterpiece of modern architecture and yet it is easy to drive past the property from the road and not even know it's there. The property's strong, defined vertical lines stand in contrast to the flat horizontal of the Caribbean Sea before and yet compliments it surroundings perfectly with such a pleasingly simple design that exudes the same peace and tranquility one enjoys from sitting at the sea shore and listening to the ocean, awed by its grandeur, calmed by its beauty. Up close Sea of Dreams is certainly an imposing edifice and yet sitting on over five hundred feet of beach front on a site of more than six acres, viewed from the ocean it looks like rare diadem perfectly set, a foreground of sea and sand, an incredible pool which reflects the home's beauty and a backdrop of towering magnificent Casuarina trees that impose the balance of nature's grand scale.
