PROPERTY DESCRIPTION

West View Estates lot seven is one of Little Cayman's few sunset-facing oceanfront lots. Protected from the prevailing wind, with unobstructed ocean views of the Caribbean Sea, this lot is located halfway between the airstrip and the exceptional diving at the world-famous Bloody Bay Wall. At over 20 feet above sea level, lot seven will allow for a stunning oceanfront residence with unmatched 360-degree views of the western tip of Little Cayman. Despite its relatively small size and population, Little Cayman is a world-class destination for divers and tourists alike. Whether you're exploring the awe-inspiring underwater world or relaxing on the beach, Little Cayman has something for everyone all year round. Relative to Grand Cayman, Little is only a 30-minute flight away, with Cayman Airways offering flights daily. Little Cayman is your idyllic island paradise in the sun away from the more densely populated main island.
