#### PROPERTY DESCRIPTION

Rare Opportunity to get into tourism for its return... Buy a fun, profitable, state of the art water sports business that is 100% turn key. Been in business with customers/reviews/relationships for over 10yr. Owner moving off island &/or onto new opportunities but can stay on as an unpaid consultant. Pre-covid was doing 7 figures a year in sales. Expect that to return. Truly a fantastic opportunity, only selling for a change of lifestyle. Have a related company available that compliments this business. Owner willing to stay on as a partner if desired, could sell up to 40% to an overseas investor, or someone that does not wish to buy whole thing for less exposure. Owner financing also possible with collateral. Many options could be considered, there is flexibility.
