PROPERTY DESCRIPTION

This masterpiece beach front home on white sand is contemporary, modern, bright, airy, and private. It offers a magical tranquil, expansive and stunning setting which will make your Caribbean dream home become a reality. It has classic exterior architectural lines of a Cayman cottage and a stunning bright, contemporary interior and sits on a private .7 acre sandy parcel of beach. Commanding and fabulous views across the reef protected turquoise waters of Frank Sound. This elegant property has been painstakingly designed with five bedrooms and three bathrooms into an open plan, opening onto an over sized screened porch, with an electric gate, spanning the entire width of the house. An angular deck links the house to the pool which incorporates a substantial lap pool for those keen on fitness. Beyond the white sandy beach lies the crystal clear waters of the sound with a spectacular dock and gazebo for your boat. Bright and clean, the interior finishes of the property include a high gloss white kitchen and bathroom fixtures, white soap stone counter tops, white porcelain floor tiles creating a stunning backdrop lit entirely by LED throughout the house. The fitted kitchen includes Whirlpool white appliances completing the functional but elegant area. Extraordinary clear glass balustrading offsets the warm wood staircase to the second floor where two ocean view bedrooms are located with a bathroom between. Ceilings at 10 feet give the property a real spacious feel and a well constructed dock for your boat adds to the luxury. A 21 ft foot wall of glass doors opens onto the screened porch, to take full advantage of true indoor / outdoor living, which contains a second sitting room space and dining space.
