PROPERTY DESCRIPTION

The White House residence at Bodden Town is one of the most unique residences in Cayman. It was originally built as a private home for one of Las Vegas famous casino owners. The residence has a wing with two separate master suites and a lounge which is separated from the rest of the residence. The other half of the residence has bedrooms, bars, and private areas and pool overlooking the ocean. There is a three car garage, its own private beach and is the only residence in Cayman with a huge 80ft over the water deck and bar area. It is currently being used as a tourist facility and restaurant with a commercial kitchen installed. Close to the garage, there are separate staff accommodations.
