PROPERTY DESCRIPTION

The truth is in the name, step through the door and your eye is instantly drawn to the kaleidoscope of shimmering hues of blue, over the infinity edge pool to the endless sea beyond. It is hard to determine where inside stops and outside begins through the fantastic floor to ceiling windows in the great room and dining area which flows seamlessly into the ocean fronting gourmet kitchen. The elegant oceanfront master suite is located on the ground floor, throw open the French doors and step onto the covered seaside patio to catch the fresh ocean breezes. The main floor also consists of an office/den/tv room, main floor laundry and pantry. Take one of the sweeping formal staircases to the second level where you will find four spacious bedrooms all ensuite, two with oceanfront open air patios. A full gym, tons of storage, second laundry area, double car garage and helpers quarters are all located on the lower level of the home. A rare opportunity to own a single family home on Seven Mile Beach.
