Extremely rare two bedroom second floor beachfront villa with both the master bedroom and living room/dining room directly on the beachfront all on one level. Enjoy stunning views of the Caribbean Sea and sunsets all year long. Gorgeous beachfront terrace off the living room with some shade and cool breezes. This upgraded residence has many improvements throughout, including Carrera marble tiled master bathroom, customized closets, Hunter Douglas window coverings, new furnishings, and glass tiles from floor to ceiling in second bathroom, just to name a few. A perfect residence for owners private use or to gain significant rental income, when not being used. Villas of the Galleon is strategically located within easy walking distance of all the conveniences and on a stretch of absolutely perfect beach front. Only a very small number of villas are so well designed, like this one, so this is truly an opportunity - it may be a very long time before another treasure like this one comes along!
